Per my earlier e-mail, here are the other documents with mine and OEM's comments for the enforcement strategy (Dana assume OECA is on board with this), the concurrence memo and the two letters. Please add your comments on to these. Mathy I had same comment on the concurrence memo so no need to relook at that. With the action memo, these are all the document which OSWER has lead for consolidating comments> the communciations related documents are OEA lead. I am reviewing Q&A's next.
